

what is
in**TOUCH**?

inTOUCH is an app developed for United Laboratories

inTOUCH is an **app** developed for United Laboratories that allows every Sales Rep to view all our marketing materials – anywhere – on any device. Files like brochures, videos, forms, and anything else we think is helpful to you as you sell out in the field is available at your fingertips on this app.

InTOUCH was designed for **you**, the Sales Closer, to aid in the way **you** like to sell – and is always there for you in your sales conversations. Everything is 24/7 ready when you need it and just a touch of a button away.

This feature-rich sales app is amazingly intuitive and super easy to use.

Navigate with the ease as if finger painting on the screen. You'll find the content you want fast as you present with ease and confidence.

Install on any device, work offline but have access to your content FAST - even view videos. inTOUCH needs no internet or Wi-Fi connection.

The app syncs and updates itself automatically whenever you hop on a Wi-Fi signal.

NO
internet
connection
needed

Instantly, inTOUCH will become an important tool for you on every sales call and something you use daily.
